TO: Hamilton County Drainage Board

RE: Hunters Creek South, Section I Drain

Attached are plans, profiles, petition, engineers estimate, calculations and assessment roll for Hunters Creek South, Section I Drain.

I have reviewed the petition and found it to be in proper form. I have also reviewed the material pertaining to the drain along with personally inspecting the site and upon doing so I believe that the proposed drain is practicable, will improve the public health, benefit a public highway, be of public utility and that the cost, damages and expenses of the proposed drain will probably be less than the bebefits accuring to the owners of land likely to be benefited.

The drain will consist of those items listed in the engineers estimate. Not listed in the estimate is 470 feet of open swale and approximately 500 feet of existing 10 inch clay tile. The total lenght for the drain will be 5116 feet.

Sheet D-1 of 1 shows the offsite drain improvements. The offsite drainage affects three (3) existing swales. The swale furthest South, not shown, and the center swale across the Marlowe property will not become part of the regulated drain. The North swale will be part of the regulated drain. This will involve the portion between the railroad and Rohrer Road, consisting of 500feet of an existing ten (10) inch tile and 470 feet of new swale.

The development will consist of 42 Lots and 11.65 acres of road right of way. Assessed at $25.00/ lot and $3.00/acre the total yearly assessment will be $1084.96. The surrounding properties such as Shell

Please direct information to the Digital Archive of the Hamilton County Surveyor's Office, 1 Hamilton Square Suite 161 Noblesville, In 46060

Oil Company and Calvin and Mary Lassiter and others in the drainage shed have not been assessed.

I believe a hearing should be set for June 11, 1984 at 9:30am.

Kenton C. Ward
Hamilton County Surveyor

KNOW ALL MEN BY THESE PRESENTS, That we, Central Engineering & Construction Corp. as Principal, and Fidelity and Deposit Company of Maryland, of Baltimore, Maryland, as Surety, are held and firmly bound unto the Hamilton County Board of Commissioners in the sum of Eighty Two Thousand Five Hundred & no/100 - ($ 82,500.00) Dollars for the payment of which, well and truly to be made, we jointly and severally bind ourselves, our heirs, legatees, executors, administrators, personal representatives, successors and assigns firmly by these presents.

Sealed with our seals and dated this 5th day of August 19 85.

THE CONDITIONS OF THE ABOVE OBLIGATION ARE SUCH THAT:

Whereas, the Hamilton County Board of Commissioners has granted Central Engineering & Construction Corp. a permit to construct Storm Sewers, Hunters Creek South

Now, if said Central Engineering & Construction Corp. shall improve said Storm Sewers in accordance with specifications and regulations of the Hamilton County Board of Commissioners and comply with all of the provisions of said permit then this obligation to be void, otherwise to be and remain in full force and effect.

RE: Hunter's Creek South Sec 1

Attached are as-builts, certificates of completion & compliance, and other information for Hunter's Creek South Sec 1. An inspection of the drainage facilities for this section has been made and the facilities were found to be complete and acceptable.

During construstion, changes were made to the drain which will alter the plans submitted with my report for this drain dated May 5, 1984. The changes are as follows: The 27" RCP from structure 109 to structure 108 was shortened from 130' feet to 120' feet. The SSD used was charged from 8" to 6" in diameter.

The length of the drain due to the changes described above is now 5106 feet.

The bond or letter of credit from Fidelity and Deposit Co. of Maryland, number 98-77-666, dated August 5, 1985, in the amount of $82,500, has been recommended for release in a letter to the Commissioners dated October 31, 1989.

I recommend the Board approve the drains construction as complete and acceptable.

Sincerely,

Kenton C. Ward
Hamilton County Surveyor
